## Villas at Cattail Creek Technical Information

It has been a pleasure working with you! Below is some technical information about the access to your website for your records.

### Website Hosting Information:

Your website is hosted with our servers. You can log into your hosting control panel with the following credentials:

Link: <https://cpanel.villasatcattailcreek.com>

Username: vcc

Password: Villas410!

\*Note - this is not the same as logging in to the backend of your WordPress website (that information is below). It's very rare that you will need to access your hosting control panel, but we're just providing this information so that you will have access to it if needed.

Your domain, villasatcattailcreek.com will renew before the hosting on May 7, 2023, since we registered the domain at the beginning of the project, however, payment will not be due until the hosting renewal date of August 18, 2023. An invoice of **\$65.00** will be sent by email to [pamelab@unlimitedpropertymgmt.com](mailto:pamelab@unlimitedpropertymgmt.com) which covers both domain and hosting renewal.

### Accessing Your WordPress Website:

You can log into the backend of your website at the following link:

<https://www.villasatcattailcreek.com/wp-admin>

Each board member and resident has their own username and password. Board members have Editor access to the website and residents have regular Subscriber access. If you ever need to access the website as a full administrator, you can use the following credentials:

Username: vccadmin

Password: CattailCreek15104!
